=====  
 Overs & peaks okay. Lot of tape noise at beginning of some tracks, same flaws, e.g. 1  
 at 0:10/0:11, start of 9, start of 11?. Some distortion still audible (beginning of 3). Sounds  
 a little bit harsh. Stereo image okay, prob. as originally issued. Not extreme EQ'd. All Stereo.  
 Some RISK OF DISTORTION  
 on tracks marked over.
