=====
All the same masters used as on "In Season - Anthology" from Rhino (issued 2001) - refer to these notes for further details re. mastering and sound. A little less transparent in sound than on "In Season" CD set, so further processing/transfers might have occurred (limiter ?). Peak values also not good here, so most tracks bear the RISK OF DISTORTION (= every track below -0.30 dB) = 1+2 on CD 1, all on CD 2 apart from 3. Mono on 1-7, 1-9, 1-10, 1-14, 2-1, all others stereo.
2/2/2
Orange because of compression used and DR values to the limit.
