

THE FRANKIE VALLI AND THE FOUR SEASONS SESSIONS 1953 TO 1974

Section 2 Recordings under other names and backing work to others. 1958 to 1965

The following list is of productions that do have Frankie Valli and/or the yet to be named Four Seasons on backing vocals, (identified as THE PRE-FOUR SEASONS) some that probably do and some that may possibly have them on. It continues by covering the tracks Bob Crewe used them on as backing vocalists post 'Sherry' and several projects they initiated either together or individually. It does not include Bob Gaudio work as producer or with The Royal Teens (prior to joining the group) or to Nick Massi's work before he joined the group or after he left.

Note: All release dates refer to vinyl issues and not to subsequent issue on CD

The format is firstly the artist session name and performers, year and place.
Then the tabulated information lists in columns across the page.

Note: Quote by Denise Ferri..” .we were very close friends with the Seasons and they volunteered to sing backup on the demo for us... we had it on a reel to reel tape, but I am sorry to say it has disappeared. It was such a nice recording...a slow song with Frankie on a very high note singing "Johnny" and all Four Seasons sang on it”
