

Back once again with a spring newsletter which is in part oldies and some newies with completion of the last half of the 1967 era of the group's history. There are plans to bring Jersey Boys to London in March, 2007 after its success in NYC on Broadway. There is planned a new Valli album and DVD set for USA release at the end of summer this year. Special thanks to the Officially Unofficial Fan Club as always for use of material from their web site (<http://genuine-imitation-life-gazette.com>). Next newsletter out in summer, August possibly!

**Four Seasons Receive
Twin Gold Record Awards**

CHICAGO — The 4 Seasons gained the unusual distinction of being notified of twin Gold Record awards by the Record Industry Association of America. Lou Simon, Product Manager of Philips Records, for whom they record exclusively, was notified this week by Henry Brief, executive director of Record Industry Association of America, that the Seasons acquired their third Gold Record Award for \$1,000,000 worth of sales of their Philips album, "2nd Gold Vault of Hits". Lead singer Frankie Valli was similarly honored with a Gold Record for his first Philips single, "Can't Take My Eyes Off You," which was certified for selling 1,000,000 units.

Previously, the Seasons had received Gold Record awards for their Philips' single, "Rag Doll," (1964); and their album, "Gold Vault of Hits" (1966). Coincidentally, the awards occur at a time when the group is completing its fifth year in the record business. Their first hit single, "Sherry", first entered the charts in September, 1962. Since that time, they have had 34 consecutive single releases on the charts and all of their 11 albums have been chart-headers.

The Seasons are currently rehearsing in preparation for a new single and album release on Philips. They resumed their professional engagements on September 20.

**Big Valli Push
Via Philips Label**

CHICAGO — An all-out promotion campaign for a single record began last week when Philips Records released Frankie Valli's latest, "To Give (The Reason I Live)," written by Bob Crewe and Bob Gaudio.

Lou Simon, Philips Product Manager, said that in addition to the record being serviced to every type of radio station, a heavy campaign will be waged directly at the rack, one-stop and jukebox levels.

And because of the lyrical philanthropic message contained in the tune, it also is being serviced to many of the nation's major public service organizations.

Although the meaningful record is being aimed at all segments of the market, Simon nevertheless said that Valli will be receiving a heavy adult market treatment on "To Give."

HIGH NOTE:
The cast of Jersey Boys, left, tell the story of Frankie Valli and the Four Seasons, while Monty Python's superbly silly satire Spamalot, right, led by Simon Russell Beale, is Broadway's biggest hit this season

BROADWAY SPECIAL

Familiarity also breeds content for Jersey Boys, whose score of pop standards from Frankie Valli and the Four Seasons accompanies a retelling of their life stories that encapsulates a particular era with fantastic verve and pace.
There are two more "jukebox" shows on the way: Ring Of Fire (opening next month) and Hot Feet will respectively use the music of Johnny Cash and Earth, Wind and Fire.

By far one of their most unusual entries, this timely, easy-beat ballad is sure to go right up the chart in the "C'Mon Marianne" selling fashion. (10/21/67) (#30 Pop)
