

# THE FRANKIE VALLI AND THE FOUR SEASONS SESSIONS 1953 TO 1974

## Section 4 - The Philips Era 1964 to Pre-Motown 1971

The following list is of known productions that The Four Seasons/Frankie Valli and the Four Seasons and Frankie Valli(solo) completed whilst at Philips and pre their joining Motown in October 1971. It is understood that some multi-track masters of these sessions no longer exist as these were not collected by the Partnership(or Bob Crewe) from Bell Studios and were allegedly 'dumped in a skip' and only stereo masters are retained by the Four Seasons Partnership. As a result some masters now only exist on vinyl and are not preserved in the Partnerships archive (examples are some of the masters used on the Edizione D'Oro album PHILIPS 2-6501 - Where this is suspected or known such masters are highlighted). But what actually exists has not been confirmed by The Four Seasons Partnership. Only two un-released masters are known and listed.

NOTE: All release dates refer to US vinyl issues and not to subsequent issue on CD

Dates for sessions may be when the masters were completed by Bob Crewe and presented to Philips rather than the recording dates. Where this is suspected or known notes are included.

The format is firstly the artist session name and performers, year and place.

Then the tabulated information lists in columns across the page.

GIVE A DAMN (Scharf/Dorough)	PHILIPS UNRELEASED
---------------------------------	--------------------

Note: 'Give A Damn' is a 5 part harmony "a late 60s Spanky and Our Gang protest song that calls for everyone to open their eyes to the social ills around them. It had a particularly strong melody, production and group performance" says Kingsley Abbott in the book '500 Lost Gems Of The Sixties'. It is rumoured this song was also recorded by The Four Seasons and may be one of the unreleased tracks from the aborted Philips album of 1970/71.

ONE MAN (B.Crewe – L.Brown)	PHILIPS UNRELEASED
--------------------------------	--------------------

Note : Discovered on a tape can in the Mercury/Philips vault circa 1997 marked 'MONO master' . One of several unreleased masters from last sessions at Philips and reputedly in the Four Seasons Partnership's archive. Available to fans in Mono.
